

## SCHEDULE

### Declaration of Interests Statement

**Name:** Dr J Robert Branston

**Position:** Senior Editor of *Tobacco Control*

I have read and understood the BMJ's policy on declaration of interests and declare the following:

- I own 10 shares in Imperial Brands for research purposes. The shares were a gift from a public health campaigner and are not held for financial gain or benefit. All dividends received are donated to health-related charities, and the proceeds from any future share sale or takeover will be similarly donated.
- I am part of the Tobacco Control Research Group (TCRG) at the University of Bath that receives funding from Bloomberg Philanthropies as part of the Bloomberg Initiative to Reduce Tobacco use, and from the UK Prevention Research Partnership as part of the SPECTRUM consortium. The TCRG does not accept funding from tobacco companies or other commercial organisations whose interests are not aligned with improved public health, and full details of the TCRG funding is available at <https://www.bath.ac.uk/corporate-information/tobacco-control-research-group-research-projects/>

**Date:** 08/12/2023
